## Patkar And Wani Family

★ 5/5

Dear Divya, "Thank you for arranging such a wonderful and memorable Japan tour for us. Every detail was planned so well, and your guidance, support, and kindness made our trip truly enjoyable and stress-free. We had an amazing experience exploring Japan and created memories that we will cherish forever. We sincerely appreciate all your efforts and dedication throughout the journey. We will definitely recommend you to our family and friends who are planning to visit Japan." Thank you once again for making this trip so special.

## Deepti

★ 5/5

We planned Japan trip with Divya in April 2026 being a peak season for Sakura. She made a perfect itinerary for our group of 16. No matter how many changes we asked, she was patient and gave us proper guidance and changed whatever was feasible. She gave absolutely best hotels, great vehicle service to pick us up and take us around. Best part was our luggage service from one city to another was smooth. Would highly recommend them.

## Janaky

★ 5/5

Our group from Australia was extremely satisfied with the trip planning and overall service provided for our Japan holiday. The itinerary was tailored to our requirements, and any changes we requested were accommodated with great flexibility and professionalism. Everything was organised seamlessly, making the entire experience easy, stress-free, and enjoyable. The travel arrangements, including transportation and hotel bookings, were of a very good standard and matched the quality promised in the package. Thanks to the thoughtful planning, we were able to experience Japan properly and make the most of our trip. We truly appreciate the support and would highly recommend indokaratravel services to anyone planning a visit to Japan.

## Samarth Mallikarjun

★ 5/5

Working with this team has been a great experience. Their professionalism, responsiveness, and commitment to excellence made the entire process seamless. I appreciate their support and would gladly recommend their services.

## Rajesh Sharma
